4-Day Diet Diary Instructions

It is important to keep an accurate record of your usual food and beverage intake as a part of your treatment plan. Please complete this Diet Diary for 4 consecutive days including one weekend day. You will find a convenient 4-day diary at the end of this packet. Please feel free to carry it with you as it is often easier to write down what you consume shortly after you consume it, rather than wait until the end of the day.

- Do not change your eating behavior at this time, as the purpose of this food record is to analyze your present eating habits.
- Record information as soon as possible after the food has been consumed.
- Describe the food or beverage as accurately as possible e.g., milk – what kind? (whole, 2%, or nonfat); toast – (whole wheat, white, buttered); chicken - (fried, baked, or breaded); coffee – (decaffeinated w/ sugar & ½ 'n' ½)
- Record the amount of each food or beverage consumed using standard measurements such as 8 ounces, ½ cup, 1 teaspoon, etc.
- Include any added items. For example: tea with 1 teaspoon honey, potato with 2 teaspoons butter, etc.
- Record all beverages, **including water**, coffee, tea, sports drinks, sodas/diet sodas, etc.
- Include any additional comments about your eating habits in this form (ex. craving sweet, skipped meal and why, when the meal was at a restaurant, etc.)
- Please note all bowel movements and their consistency (regular, loose, firm, etc.)
